

# Summer Camp Information

We can't wait to start 12 weeks of great fun for the summer at Mater Dei Summer Camp. We have new field trips and activities planned for the kids.

Please read the attached information and return the forms as soon as possible. Only new children need to get a health assessment/shot record from the doctor. No child can be admitted into the summer program until all paper work is finished.

Your child will need to keep a backpack, water bottle, shorts, shirt, underwear, socks and swim gear at the center during the weeks he/she will be attending camp. The center is providing the sunscreen/50 SPF and insect repellent.

On library days please send your child's library card or info so he/she can check out books. We will be participating in the reading program again. Be sure all items are labeled. The children should come in the appropriate clothing and shoes for playing outside. Any items brought to the center such as videos, game boys, and such are the children's responsibility.

Vacation Bible School week is June 10 - 14. Campers will attend. Extra fee is \$40 at enrollment.

Please note the times listed for the field trips and activities. We will be leaving for each activity at the time posted on the calendar. We will be using our bus.

If you have any questions or concerns about camp, give Margaret a call at (785) 232-1603 or 633-6734. We are going to have a FANTASTIC SUMMER!
