**Vroom.org** - When you're brushing your child's teeth, look in the mirror together. Talk about how our teeth are the same and different from theirs. For example, you have more teeth, and bigger teeth, but you both can make funny faces. Follow their lead and talk with them about what they notice.

We will be **closed August 14** for painting, deep cleaning the rooms and waxing the floors. The staff will meet after lunch for inservice.

**Continue washing your child's hands. Thanks**
